

# 2-Color Brioche on the Single Bed Knitting Machine

by Alice Adams  
for MMKC  
November 2021

**Steps for  
knitting  
brioche on  
a double  
bed  
machine**

**Single  
Bed  
Machine  
Knit  
Brioche**

# Equipment Required for Single Bed Brioche

Note Needle Arrangement

# Provisional Cast On Around a Fat Needle

**Step 1:**  
Make a slip knot  
around the crochet  
hook.

**Step 2:**  
Wrap the working end of  
the yarn around the  
knitting needle, and pull  
it through the loop on  
the hook.

**Step 3:**  
One cast on stitch on  
your needle. Repeat.

Continue to repeat  
step until the desired  
number of stitches  
have been cast on.

# Dividing Odd & Even Stitches Between Two Needles

**Step 1:**  
Crochet cast on  
around a larger  
needle

**Step 2:**  
Divide Even and Odd  
stitches between 2  
smaller needles

**Step 3:**  
Stitches shown on 2  
smaller needles

# Hanging stitches on machine and knitting back side color.

19 stitches from odd number needle are hung on machine

Several rows are knit in back side yarn.

Stitches are being removed onto smaller circular needle.

# Rotating Knitting to Rehang on Machine

Back side yarn removed onto circular knitting needles (with orange cap), before rotation.

Knitting rotated 180 before rehang on machine. Stitches on needle with green cap will be rehung on needles

# Lifting the Purl Bumps

A row has been knit

Lifting up purl bumps  
prior to knitting row in  
front side yarn.

# Cabling the Front Side Stitches

Using the single eye transfer tool, cross two stitches.

You can see the stitches have been crossed in this image.

Lift the purl bumps over the crossed stitches.

# Lattice Cable Pattern

Needles pulled forward slightly to check cable crosses.

# Endless Cable Crossing Possibilities

# Double sided cable transfers PLUS increasing and decreasing

# Pattern by Making Paired Increases and Decreases

Flat cables

Hybrid vest knit by Alice, where the texture was by hand

The future of Brioche  
on the Single Bed  
Machine!
