

MMKC University

Ribber Class

The MMKC University Ribber Class is a 1-day course with the intermediate machine knitter in mind. This program pre-requisite is basic understanding of Japanese machine knitting techniques. Instructors will not teach basic techniques from prior MMKC courses in this class.

MMKC does not sell or repair knitting machines. The MMKC website, <http://www.midwestmachineknitters.org/> has listings of dealers within and outside the state of Minnesota as well as links to other sources for machine knitting.
